Being there for our Community when they need us

God has strategically place FBC in downtown Everett where both the needs of people and the potential to make an impact on our community is great. *Wonderful job FBC!*

Dear Pastor Harpell:

On behalf of the Snohomish County Chapter, American Red Cross, we wish to thank you for the use of First Baptist Church of Everett during the Everett Casino Road fire from May 19 to May 21 2011.

We would also like to thank you for providing shower facilities, use of your kitchen and support from you and your parishioners for the days that we stayed at your facility. It was a thoughtful expression of compassion and concern for the local residents who were displaced by this fire.

We appreciate your willingness to put your care and concern into action through the American Red Cross. Please be assured that the support you have given during this relief operation has made a significant difference in the lives we serve.

We would like to maintain contact and hope we would be able to call on you again in the event of future disaster operations.

Sincerely,
 Coni Conner
 Director of Disaster Services
 Snohomish County Chapter

FRIDAY NIGHT MINISTRY with Chris Frizzell

I fully enjoy this ministry (most days) and the variety of people God calls into our building is astounding. I like to call our guests by name when I recall them and often catch them off guard when they first realize I know their name. It usually starts a conversation based on "How do you know my name?" to which I reply "Either you have told me something from your life and/or asked for prayer or you have been in trouble with me."

One young lady and I had some troubles for a number of months due to inappropriate language and attitude that came to a head a couple months ago. It amazes me that sometimes when you talk to someone about their behavior, it is often just a cry for attention and even though she had harsh words for me that day, she now seeks me out to say hello or good bye most Fridays. I also get a smile from her when all I used to get was a scowl. Her prayer requests tops our list this week :

Thank you for the "Got Soup" folks. Been coming here for years. Thanks! Amen. (She signed it with her name followed by "The mean one" - LOL" I think this one goes on my bulletin board!!)

Other Prayer Requests:

FW - Father is dying from cancer since 1995

M - for H&M - peace in our life.

SF - Restoration of muscle strength and nervous system. Reconciled heart to Christ

Anon - I've gotten blessed and the prayer that has mattered has come true. I just want to say Thanks Lord, I have been blessed with an Angel

(J) God, please grant him a TRUE clean date

C - God, You've given me everything I've wanted. Thank You

RC - Steady Work

A - My family - that we can come together in love and serve the Lord. For my health, and mind.

Blessings ~ (and maybe add a prayer for a little sunshine!)

Chris

Lifegroup Happenings

all in the family *by florence miller*

We are sorry to report that **Jeanne Gilman** is back in the hospital with a bladder infection. I'm sure that after four months in the hospital, it felt so good to be "normal" again that Jeanne overdid activities. Her last recovery was a miracle brought about by all our prayers to the Lord; she needs our prayers again! Jeanne is in Stevens hospital. Due to come home on Wednesday.

Our prayers also need to go for **John Sinkevitch** who was admitted into the hospital on Sunday after experiencing some symptoms relating to the heart. Tests revealed one artery that is 80% blocked. On Tuesday they did an angioplasty for John and inserted 1 stent in his artery. Very grateful for this procedure and being able to avoid open heart surgery! He is in recovery and doing very well. He is in Providence Hospital.

Although summer is reluctant to appear this year, **S.A.M.'s annual picnic** was held this past Friday at Kayak Point under changeable skies but no rain. We had a record attendance of at least 80 which points out that we seniors are no "pantywaists" and are up for a good time, no matter the weather. And a good time it was! **Mary Miller** outdid herself with delicious pulled pork and homemade BBQ sauce, as well as fried chicken. As always, we are good cooks and the salads and desserts were outstanding. **Dave Miller** and his crew, including son **Scott**, worked hard in the muscle department moving tables and hauling supplies. Also, we give our thanks to **Dick Connor, Mel Tessness and his group, "The Fire Trail Bluegrass Band"** with their toe-tapping music. It added a friendly western ambiance to our gathering. Also, a thank you to **Gene Dobson** for his narration. **Ralph and Shirley Schapler** always come early to help with set-up. Thank you! Lacking the use of our vans for transportation, a big thank you also goes to those who generously added passengers in their own cars so that everyone had a ride. The vans were put to good use taking our **Student Mission Team** to California where they weeded a State park, helped at a ranch for troubled kids, and did many other needed jobs.
