

Next Week Starting in KIDZ ROCK...

We are aware that kids use computers on a daily basis. We are also aware that all kids are not fully protected from the dangers that could be awaiting them as they are surfing the web.

This is why we at Kidz Rock are going to help educate your children from a biblical perspective on the dangers of the internet and networking at their age appropriate level.

Starting next week we will be teaching your kids for five weeks how to make Godly choices on the internet. Mouse Trap will be for all kids K-5th and will be during the 10:30AM hour.

In this class kidz will learn:

- Week 1: What is the internet?.....Let God transform your life.
- Week 2: Is the internet dangerous for me?.....Don't be friendly with sin.
- Week 3: What can I do to protect myself online?.....Stay on the safe path.
- Week 4: What do I do if I make a mistake online?.....Tell God everything by prayer
- Week 5: How can I build healthy relationships with others?.....Be good to others

FBC ANNUAL
July 4th
12:30-3:00 pm

Again this year FBC will offer a street fair following the Everett July 4th downtown parade at noon until 3:00 pm.

This year's July 4th falls on a Saturday and so we want you to be sure you put it on your calendar. A couple of thousand people show up each year from our community and we get the opportunity to show them the love of Christ.

Would you or your Life Group be willing adopt one of the stations or venues? These include:
